Professional Summary

Motivated and detail-oriented MCA student with strong knowledge of Python, Java, C, JavaScript, and modern front-end technologies including React.js and Tailwind CSS. Passionate about Artificial Intelligence, full-stack development, and software engineering with hands-on experience building responsive and user-friendly applications. Strong problem-solving abilities with a keen interest in developing innovative software solutions.

Technical Skills

Programming Languages	Python, Java, C, JavaScript, HTML, CSS
Frameworks & Libraries	React.js, Tailwind CSS, Node.js
Tools & Platforms	Git, GitHub, VS Code, Figma
Database	MySQL
Core Concepts	Responsive Web Design, Front-End Development, API Integration

Projects

AI Speech-To-Text Application

Full-Stack Project

Developed a full-stack AI Speech-To-Text application using React, Node.js, TypeScript, and OpenAI Whisper for accurate offline speech recognition without cloud APIs. Implemented multilingual speech recognition, audio transcription, and a responsive user interface for seamless real-time text conversion and improved user experience.

Smart Utility Portal

Frontend Development

Developed a responsive Smart Utility Portal frontend for accessing essential utility services. Designed interactive UI components, dashboards, and forms with a focus on clean design, responsiveness, and smooth user experience across multiple devices using modern frontend technologies.

ATM Simulation System in C

Console-Based Application

Built a command-line ATM simulation system in C to manage user accounts and financial transactions including balance checking, deposits, withdrawals, and password authentication. Utilized structures and arrays to efficiently store and manage user data during runtime while improving problem-solving and programming logic skills.

Education

Master of Computer Applications (MCA)

Pursuing

Vivekananda College of Engineering & Technology, Puttur, India
CGPA: 8.61

Bachelor of Computer Applications (BCA)

Aug 2025

Dr. P. Dayananda Pai - Sri. P. Sathish Pai Government First Grade College, Mangalore
CGPA: 7.65

Pre-University College (PUC)

Apr 2022

BGS Composite PU College, Gandhinagara, Mangalore
Percentage: 79.83%

Secondary School Leaving Certificate (SSLC)

Jul 2020

BGS High School, Kavor, Mangalore
Percentage: 76.8%

Certifications

- Introduction to Generative AI Studio — Google Cloud (2026)

Additional Information

- Passionate about Artificial Intelligence and Full-Stack Development
- Quick learner with strong problem-solving and teamwork abilities
- Interested in building modern and responsive web applications
